

Legal Tech Prayer for Coherent Restore

FATHER GOD of Israel, in the name of Yeshua (Jesus) Your Son, You tell us in Psalm 95:2 to come into Your presence with thanksgiving. So I come to You, thanking You for all You are and for bringing me through to this present time and season. Thank you for being a covenant keeping God and providing a way for me to be in relationship with You and walk in the freedom and abundance I can have through Yeshua.

I have been made aware that the Enemy and Accuser of humanity has inspired mankind to cooperate with his plan to influence and change God's perfect design and has released harmful technology to be present in my body and my electronic devices.

One of the technologies identified is Legal Tech, which monitors & records covenants, contracts, legality, and consent to give SIT legal right over my body and/or devices. I bring this Legal Tech into Your courtroom and ask that You would plead my case and release me from this Legal Tech. I acknowledge that there may be technology present that came through personal and/or generational agreements or iniquity, therefor, I ask Your forgiveness and apply the Blood of Yeshua to those sins. I also acknowledge that I have clicked "I Agree" to various electronics and apps, many times never bothering to understand what I am consenting to. I repent for being so careless and possibly agreeing to things that are harmful to me and against Your perfect will. Please forgive me for all known and unknown legal terms that I have consented to and rights I have given up. I come out of agreement with any legal right that I gave the kingdom of darkness to infiltrate or influence my body and devices, willingly and unwillingly. I consent only to the use of technology within and without that is in agreement with God's purposes and character and declare all others null and void in this realm and all others.

Thank you, CREATOR GOD, King of the Universe, for making a way for me to be restored through the life, death and resurrection of Your Son. All praise and honor to Yeshua, the Messiah, and God, our Father. Amen
